# Introduction

- ABX Group of Companies is one of the leading logistics providers in Kuwait. We strive to connect, bridging the gap between the GCC region, and enabling growth and wealth for businesses and our partners and Clients.
- Our dedication to innovation drives our unmatched portfolio of logistics and transportation services ranging from domestic express delivery, e-commerce shipping and fulfilment solutions, road to supply chain management, consumer retail services, technical support and more.
- With a local logistics network of over 300 employees, across the region, ABX Group of Companies connects the region safely and reliably through a variety of sectors including E-commerce, Construction, Interior Design, Motor Insurances, transport services and warehousing.
- We are committed to continually enhancing our operations across the region while pursuing opportunities for business growth in emerging markets such as E-commerce delivery, Construction and Maintenance, Warehousing and Motor Insurance.
- Our platform solutions enable businesses to sell their products online and delivered conveniently and reliably. We provide flexible solutions to satisfy customer needs enabling a smooth integration process between e-commerce applications and our services.

# CEO's Message

"We provide service with a human touch. We have earned the trust and respect of customers for one simple reason — we have great people. They are experts in their fields. They bring a strong service to everything they do. They take pride and ownership in the jobs they do. We bring passion, pride and experience together. We have a client first philosophy.

We have only one objective: to ensure our Clients mission objectives are achieved with the highest level of capability and assurance, and at the lowest possible cost.

We have the expertise to take service delivery to the next level of performance.

Our organization has set standards of excellence in sectors including courier, transportation, healthcare, and (insert additional services). We apply the very best insights to keep our clients at the leading edge.

ABX Groups' corporate culture is defined by a simple set of corporate values that define how we operate every single day – Trust, Care, Innovation, and Pride. They reflect how we interact with our clients, our colleagues, and our communities. We hold each other accountable for creating a company we can all be proud to work at.

I hope this provides you with a few reasons to get to know ABX Group better. Whether you are a potential customer, a small business partner, or a future employee, we look forward to finding out how we can work together to bring service to life.

# Delivery Operations

In ABX Group's Service delivery operations, we manage the processes of delivering and managing services that are provided to customers. This includes the orchestration, coordination, and management of human and other resources to provide desired transport and delivery services.

We provide Fast, reliable, and consistent delivery that ensure memorable post-purchase experiences. With proper delivery management our Company oversees that customer orders to arrive on time and undamaged

# Labor Camps

At ABX we provide our employees with the necessary resources, Personal protective equipment's, training, sufficient accommodation and facilities and effectively using competent people, allocating health, safety and wellbeing responsibilities to those who have the necessary skills. Setting health, safety and wellbeing objectives.

We Ensure, where possible and applicable, that the physical environments that protect our people, and our assets are safe, secure, and fit for purpose

Our accommodation facilities cover all Kuwait Governorates

# Warehousing

“When you need to store your goods, we’ve got you covered.”

We offer warehouse solutions for e-commerce and other industries for product storage and then dispatching it directly from our warehouse to the hands of your shoppers.

# Training Facility

ABX Group of Companies make sure that goods, services get into consumers' hands by ensuring that our employees have a complete understanding of transport-logistics, sourcing, warehousing, distribution of goods, and more.

Through trainings, we provide good insight to all employees on how operations are carried out within the company, laws and regulations that govern the process of transportation of goods, and their compliance etc. Apart from a thorough understanding of business process mapping principles.

We train our employees to understand the core concepts such as warehousing techniques and inventory management to learning critical skills like forecasting demand and developing supply strategies as well as to help them move products and services from suppliers to customers. This not only improves the overall efficiency of the supply chain but also ensures a smooth flow of goods and services.

# Maintenance Team

Our maintenance team are highly skilled in vehicle servicing with great ability in handling various hand and power tools and take apart machines, equipment, or devices to remove and replace defective parts.

Our staff are well experienced in performing routine maintenance and vehicle check-up and repairs and complies with all company safety regulations.

They verify vehicle serviceability by conducting test drives, adjusting controls, and updating systems.

# Safety & Wellness

Proper vehicle maintenance is the cornerstone of logistics & transport safety.

We ensure regular inspections, servicing and repairs are vital to keep all our transport vehicles in optimal condition.

- Managing the fleets servicing and maintenance schedules... Keeping records of Fit for Duty and Daily Inspections...
- Managing employees' qualifications and training... requirements...
- Managing training and inductions, and many more...
- Manage insurances, registrations and review dates...
